

# Steam Powered Aereo Plane in D (C)

(Instrumentals can be anywhere)

Verse 1:

Well I dreamt I went a way on a steam powered aeroplane.  
|D(C) |Em(Dm)

I went and stayed and I damn near didn't come back again.  
|G(F) |D(C)

Didn't go very fast on a steam powered aeroplane,  
|D(C) |Em(Dm)

Oh the wheels went around, up and down, and inside and then  
|G(F) |D(C)

back again.  
|D(C)

Bridge 1:

Sittin' in a 747 just watching them clouds roll by,  
|Em(Dm) |D(C)

Can't tell if it sunshine or it's rain.  
|Em(Dm) |D(C)

Rather be sittin' in a deck chair high up over Kansas City,  
|Em(Dm) |D(C)

On a genuine old-fashioned authentic steam powered aero plane.  
|Em(Dm) / G(F) / |A

## Steam Powered Aereo Plane - 2

### Verse 2:

Well I'd like to be a **|D(C)** pi-lot on a steam powered **|Em(Dm)** aeroplane.

Well I'd **|G(F)** pull that pilot wheel around and then **|D(C)** back again.

Well, I'd wear a blue **|D(C)** hat, yeah, that says Steam Powered **|Em(Dm)** Aeroplane

With **|G(F)** letters that go all around the rim and then **|D(C)** back again.

### Bridge 2:

**|Em(Dm)** Sittin' in a 747 just watching them **|D(C)** clouds roll by,

**|Em(Dm)** Can't tell if it sunshine or it's **|D(C)** rain.

**|Em(Dm)** Rather be sittin' in a deck chair high up **|D(C)** over Kansas City,

**|Em(Dm)** / **G(F)** / **|A**  
On a genuine old-fashioned authentic steam powered aero plane.
