You might say he found a key for every door

|E |F#m / A /
It keeps changing fast, and it don't last for long

Verse 3:

```
     |E                                    |F#m  /     D    B
He  climbed cathedral mountains, he saw  silver clouds below;

          |E                              |F#m  /   A  /
he saw  everything as far as you can   see

           |E                                   |F#m  /        D     B
And they  say that he got crazy once, and he  tried to touch the  sun;

          |E                                  |F#m  /  A  /
And he  lost a friend but kept the memo-  ry
```

Verse 4:

```
          |E                             |F#m  /        D       B
Now he  walks in quiet solitude, the  forests and the streams;

           |E                           |F#m  /   A  /
Seeking  grace in every step he   takes

     |E                                  |F#m  /     D    B
His  sight has turned inside himself to  try and understand;

     |E                                  |F#m     /          A  /
the  serenity of clear blue mountain  lake
```

Chorus:

And the  Colorado Rocky Mountain  high   I've  seen it raining fire in the  sky

```
        |E                          |F#m      /          D       B
Now his  life is full of wonder,  but his  heart still knows some fear;

     |E                              |F#m  /   D   A
of a  simple thing he cannot  compre-  hend

          |E                                |F#m      /       D     B
Why they  try to tear the mountains down,  To  bring in a couple more;

       |E                            |F#m   /  D   A
more  people, more scars upon the  land
```
